This recognition is a true celebration for the winery, which has worked tirelessly to maintain excellence, innovate at every stage of the process, and honour the unique character of the Colchagua Valley. Every wine, every harvest, and every behind-the-scenes effort has made it possible for **Montes Wines** to shine once again on the most prestigious international lists.

The celebration is also shared with those who have accompanied us on this journey: wine lovers, visitors, collaborators, and consumers from around the world who have believed in the quality and history of **Montes**. This achievement belongs as much to the winery as it does to all the people who enjoy its wines and have been a fundamental part of its growth.

Today, **Montes Wines** joyfully rears this **TOP 10** recognition, renewing its commitment to continue crafting extraordinary wines and world-class, enthralling experiences, full of character, elegance and emotion.
